

Subject: Semester Results for IIPCET Application

Dear Admissions Committee,

I hope this letter finds you well. I am writing to inform you about my academic results in preparation for my application to IIPCET.

As of now, I have received results for the first six semesters of my undergraduate program. However, the final two semesters' results are pending and are expected to be released in July. Unfortunately, this means that I am unable to upload the complete set of results during the application process.

I kindly request your understanding in this matter. I assure you that I will promptly submit the final two semester results as soon as they become available. In the meantime, I have attached the transcripts for the completed semesters along with this letter.

Thank you for considering my application. I am enthusiastic about joining IIPCET and contributing to the academic community. If there are any additional steps I need to take or any further information required, please do not hesitate to contact me.

Sincerely,

Srijan Chakraborty
